SCANDIANO Spergola Spumante Dolce

ALFREDO BERTOLANI

Colli di Scandiano and Canossa Doc
Classic White Sweet Sparkling
Sweet White Wine

It is obtained from the vinification of the white "Spergola" grape, an indigenous vine from the small production area of the Scandiano hills, present in the area since 1400. It is a wine with a strong personality and typicality linked to the land from which it comes, with intense aromas which are accentuated in the aftertaste: these characteristics have still remained almost intact from their distant origins. Straw yellow in colour, the taste and smell denotes freshness and floral notes, intense but never intrusive.

It is the wine of the Scandian tradition par excellence: typical for desserts, particularly suitable for accompanying dry desserts.

Serving temperature: 6-8°C

Alcohol content 6%.
