PRIESCIU

Negroamaro

VINI MALACARI

Appearance: "Priesciu" is a rosé wine produced mainly with Negroamaro grapes which appears in the glass with a fascinating powder pink colour, delicate and bright. This shade evokes the romantic sunset of Salento and promises a fresh and refined tasting experience.

Smell: The exploration of the aromatic bouquet of "Priesciu" reveals delicate and inviting aromas. Hints of fresh red fruits emerge, such as strawberries and cherries, which dominate with elegance. Citrus notes such as grapefruit and a light squeeze of lemon add freshness and vitality. A background of white flowers, such as jasmine, contributes to a light and pleasant aromatic complexity.

Taste: The palate is pampered by a sensation of freshness and lightness. The "Priesciu" offers a light and smooth structure, with a lively acidity that gives liveliness to the wine. The taste is dominated by juicy and crunchy red fruits, with a natural sweetness that recalls the fragrance of the sense of smell. The finish is clean and slightly spicy, with an underlined note of citrus, which invites another sip.

Culinary pairings: "Priesciu" is a rosé wine ideal for accompanying light and fresh dishes. It pairs beautifully with summer salads, fish-based dishes such as grilled swordfish or raw tuna, and fresh cheeses such as buffalo mozzarella. It is also an excellent choice for outdoor aperitifs and informal evenings with friends.

Alcohol content: 13.5% vol.

Serving temperature: 8°-10° degrees
